This package offers Reception and Cable Service, Cinemax, Showtime plus The Movie Channel or The Disney Channel, two cable outlets with converter boxes included, one remote, and North Dekalb Home Cinema Movies for only \$3.95 each. To include HBO in this package instead of another premium channel, please add \$3.00.

★ **The Works** \$59.95/mo.
This package saves you over \$25.00 per month and offers all premium channels, plus everything that's available with the Power Pac. That's too much to list here! Call our customer service department for details.
*Additional outlets may not be available in apartments. Playboy Channel and Special Events not included. Other restrictions may apply.

FRANCHISE FEES AND TAXES:

In order for a company to provide cable television service to any area, the government of that area grants the company a contract to serve that area. This contract is called a "franchise," and a cable TV company must pay local government a "franchise fee."

The franchise fees for the areas we serve are listed below:

Unincorporated DeKalb County	5%
Chamblee	3%
Doraville	3%

Taxes are added to accounts for remotes and guides where applicable.

EQUIPMENT:

Equipment is a valuable and essential part of the services we offer. Customers who do not return our equipment will be charged additional fees on their final bill. There will be a \$250.00 charge for each unreturned converter box and a \$50.00 charge for each unreturned remote unit. Other steps may be taken to retrieve equipment.

SERVICE INFORMATION:

- Cable-related service calls are no charge.
- Area service interruptions are repaired within 24 hours.
- Cable, VCR, and television equipment should be disconnected during lightning storms. North Dekalb Cable cannot be held responsible for equipment damage due to electrical storms.
- Payments are due by the 15th of the month in which services are rendered.

Dear Cable TV Viewer,

Welcome to Scripps Howard Cable!

We strive to provide our customers with the best possible service. During the 1993 year, we will be doing some new things.

We've introduced a new service, Digital Music Express, which offers 30 channels of great music.

We are extending our Customer Service Department hours so that you will be able to reach us by phone between 8:30am and 9:00 pm each weekday. We will have payments mailed to a payment center that will collect and post payments. We will introduce cycle billing. And, we have already added more phone lines so that you will find it easier to reach us by phone. These changes will allow us to spend more time with you, our customer. We hope you'll notice our improvements.

This brochure and the information your installer leaves with you at the time of installation should answer many of the questions you may have concerning our service. We will also, on occasion, mail important updates to you in your bill. If you have any questions, please call us. We'll be happy to talk with you.

We appreciate your business!

SCRIPPS HOWARD CABLE TV COMPANY

Dear Cable TV Viewer,

Welcome to Scripps Howard Cable!

We are working to serve our customers better than ever before. We are extending our customer service hours so that you will be able to reach us by phone between 8:30am and 9pm each weekday. We have added more phone lines. You will find it easier to reach us by phone.

We are adjusting our rates on equipment and additional outlets. If you are interested in having cable television on more of your sets, you'll find it more affordable than ever to subscribe.

We are making it easier for you to order a Pay-Per-View movie. We have installed the new Pay-Per-View Hotline. If you have a converter box, dial 455-5900 to hear what's on or to order a blockbuster hit. You don't have to leave your home and you don't have to return the movie when you're done. We take care of everything. If you have any suggestions on how we can do an even better job for you, please give us a call at 455-5705. Sincerely,

EMPLOYEES OF SCRIPPS HOWARD CABLE

SERVICE INFORMATION:

- Service technicians will begin working on area service interruptions within 24 hours.
- If any problems with the cable transmission received by the customer are the fault of Scripps Howard Cable, we will correct the problem without a charge to the customer. If a problem with the cable transmission received by the customer is due to the customer's equipment or due to the customer making unauthorized changes in the cable reception or connection equipment, then a Service Charge may be imposed and any repairs performed shall be at the subscriber's expense.
- Cable, VCR, and television equipment should be disconnected during lightning storms. Scripps Howard Cable cannot be held responsible for equipment damage due to electrical storms.

EQUIPMENT:

- A/B switches allow customer to "switch" between cable and antenna. These devices are available to our customers for \$10.00 each.
- Equipment is a valuable and essential part of the services we offer. Customers who do not return our equipment will be charged additional fees on their final bill. There will be a \$250.00 charge for each unreturned converter box/tuner and a \$50.00 charge for each unreturned remote unit. Other steps may be taken to retrieve equipment.

FRANCHISE FEES AND TAXES:

In order for a company to provide cable television service to any area, the government of that area grants the company a contract to serve that area. This contract is called a "franchise," and a cable TV company must pay local government a "franchise fee."

The franchise fees for the areas we serve are listed below:

Unincorporated DeKalb County.....	5%
Chamblee.....	3%
Doraville.....	3%

Taxes are added to accounts where applicable.

BILLING INFORMATION:

- Payment for service is billed 30 days in advance.
- Late fees are assessed if payment is not received by the due date and after services are rendered.
- If payment is not received within 40 days of the billing date, service is subject to disconnection.
- Late payments should be made personally at the local office to avoid disconnection. Scripps Howard Cable is not responsible for the mail service.
- Billing disputes can be resolved by writing to us at the following address:

Scripps Howard Cable TV Company
3425 Malone Drive
Chamblee, GA 30341

Please include your name, address, telephone and account number to facilitate our response. We must hear from you no later than 60 days after we sent you the first bill on which the error appeared. You may also telephone us, but doing so will not preserve your rights. You do not have to pay the amount in question while we are investigating, but you are still obligated to pay the portions of your bill that are not in question.

LOCAL FRANCHISE AUTHORITY:

Complaints regarding customer service or signal quality that are not resolved to your satisfaction by Scripps Howard Cable TV Company should be directed to:

America's Favorite Cable Network . . . USA

Dear Tennessee Valley Cable Subscriber,

To comply with the 1992 Cable Act, we will be making some very significant changes to your cable television service. A summary of these changes are itemized below:

PRICING CHANGES

The 1992 Cable Act establishes a guideline of acceptable prices for regulated cable services. Prior to September 1, all cable companies are permitted to restructure their rates for regulated services (regulated services now include basic cable, remote controls, additional outlets, converters, and service fees) in order to be in compliance.

The impact of these changes is that many customers, particularly those who rented remote controls and additional outlets, will see their rates go down while others will have rate increases. Overall, the average bill for Basic Cable charges will decline. Based on the rate regulation formulas required by the FCC, your new rates for these services are itemized below. **These charges do not include sales taxes or cable franchise fees which will be added to your bill in those communities that assess cable systems these fees on their operations.**

Rates effective September 1, 1993:

LABOR CHARGES

New Wire Install.....	\$36.00
House Reconnect.....	\$18.00
Move Cable.....	\$18.00
Non-Pay Reconnect.....	\$12.00
Add Outlet Install.....	\$18.00
A/O Install Same Trip.....	\$12.00
Hourly Service Charge.....	\$24.00
Minimum Trip Charge.....	\$10.00

MONTHLY SERVICE CHARGES

Standard Cable.....	\$21.40
(Discounts on Pay Packages are available)	
Home Box Office.....	\$ 9.95
Cinemax.....	\$ 9.95
Showtime.....	\$ 9.95
Movie Channel.....	\$ 9.95
Disney.....	\$ 7.95
Pay Per View Movies.....	\$ 4.00

MONTHLY EQUIPMENT CHARGES

Addressable Converter.....	\$ 2.75
Remote Control.....	\$.25

MISCELLANEOUS CHARGES

Returned Check Fee.....	\$20.00
Late Payment Fee.....	\$ 2.50
Pay Service Switch Fee.....	\$ 2.00

OTHER NOTES:

As of September 1, there will no longer be a monthly service charge for additional outlets. Individuals desiring to install more than 2 additional outlets may be assessed additional installation charges for labor and equipment as needed to provide enough signal to the TV to meet FCC (Federal Communication Commission) standards. In order to avoid violation of the FCC signal leakage rules, we recommend that customers continue to have their additional outlets installed by our trained staff. In the event that another source of installation is chosen, we require that all installation meet FCC specifications.

Effective September 1, 1993, Tennessee Valley Cable will assess an hourly charge of \$24.00 for any customer requested service that require repairs or adjustments to customer owned equipment or wiring, with a minimum trip charge of \$10.00.

Due to the minimal number of customers subscribing to the Lifeline Service, this service option will be discontinued effective August 30, 1993. All senior citizen discounts on Standard Cable will also be converted to the one regulated rate at this time.

PROGRAMMING CHANGES

Beginning in September, the following services will be added or moved on your Basic Cable Lineup:

Channel 7 - Subscriber Information

Channel 39 - Learning Channel

BROADCAST CHANNEL UPDATE

The 1992 Cable Act grants all broadcasters the right to deny cable companies carriage of their signal. It is our desire to continue carriage of all of our current broadcast channels as long as we are not expected to incur incremental costs for signals that has been free to our customer base for many years. At the present time, WCYB (NBC-Bristol) and WJHL (CBS-Johnson City) are requiring that we make payments in order to continue to carry their free signals. We will continue to try to find a win - win solution for these broadcasters and our customers. However, we insist that it is not fair to expect our company or customers to pay for programming that is free to cable customers outside of our immediate area and to people who are not on cable and receive these stations with an antenna. In the event we can not resolve our differences, **WCYB and WJHL may require us to drop their signals as of October 6, 1993.** We are pleased to report that WKPT (ABC-Kingsport) has offered a proposal that will allow us to continue carriage of their signal at no additional charge. WEMT (FOX-Greeneville) is waiting the outcome of a corporate decision before making their final commitment for carriage.

In addition to withholding permission for cable operators to continue carrying their signals, broadcasters also have the right to deny importation by the cable system of another station with the same affiliation in their markets. As a result, we can not retransmit alternative CBS or NBC stations.

EQUIPMENT CHANGES

Effective August 30, 1993, Tennessee Valley Cable will no longer provide or maintain Basic cable converters. We will continue to rent our pay channel converters and remotes to individuals requiring a converter. Customers currently in possession of any of the following models of Basic cable only converters will be awarded ownership of this equipment **at no charge**. Along with forfeiture of ownership rights to this equipment, Tennessee Valley will no longer provide service or repairs to this equipment in the future. Tennessee Valley is also relinquishing ownership and maintenance responsibilities of all wiring inside the customer home on this date.

Converters being abandoned to customers effective August 30, 1993:

MAKE	MODEL	MAKE	MODEL

Hamlin	6600	Panasonic	TZPC1203N
Jerrold	DQN5	Jerrold	400*
Jerrold	DQN7	Jerrold	450*
Regency	ALL		

*Not used for pay services or pay per view

Tennessee Valley Cable will continue to own and maintain all addressable pay channel converters.

It is our intent to communicate all changes to your service as we implement the complex provisions of the Cable Act. We anticipate our next few months to be extremely busy and appreciate your patience as we all cope with these changes. Thank you for your support.

IMPORTANT RATE INFORMATION

The rates for Cable TV service are the areas that are most greatly effected by the recent Cable Act. "Lifeline" basic and Expanded Service are now regulated by a complex formula established by the Federal Communications Commission (FCC). Part of the formula includes the amount of basic channels available to you as a customer. Rates for "Premium" services (like HBO) and Pay-Per-View are unregulated as they are optional services. Below are significant changes that may now affect your account.

ADDITIONAL OUTLETS:

There is no longer any additional charges for the monthly cable TV service on any TV sets past the first set. (Commercial Accounts excluded).

HAND-HELD REMOTE CONTROL DEVICES:

The monthly rental fee for remote control device is now \$.27 per month.

ADDRESSABLE CONVERTERS:

The monthly service fee for addressable converters will be \$1.85 effective September 1, 1993. Please see the additional information listed under "IMPORTANT CONVERTER AND INSIDE WIRE INFORMATION" for further detail.

FRANCHISE FEE PAYMENT:

This payment used to be included in your bill. The new law provides for this to be listed as a separate item. The net payment of franchise fees is made to your franchising authority for allowing Battlefield Cable to serve your area. Your franchising authority is listed on the bottom of your monthly statement.

*Rates and charges are subject to applicable city, county or state taxes. Rates are subject to change with a 30-day notification. Special installation promotions and/or packages may be available from time to time at lower rates than those listed.

SENIOR CITIZEN DISCOUNT

Now that the "Lifeline" Basic is available for just \$8.06 per month, we are eliminating the current Senior Citizen discount rate for expanded service. This \$8.06 "Lifeline" basic is truly an exceptional value and a great low cost alternative for our customers who are on a fixed income. They may purchase the optional expanded basic service or premium services at the standard monthly rate if they desire additional programming.

Addressable converter required.

WELCOME

We are glad you are a Battlefield Cable customer! This brochure will provide you with important information regarding your cable service both now and in the future. The new 1992 Cable TV Act has created many changes that may effect you as our customer, so please take the time to read this brochure thoroughly. You may find that over the next few months your rates or lineup will change as new FCC (Federal Communication Commission) regulations are implemented. This is unavoidable for our system as we comply with the FCC on their own timetable. **We ask for your patience.** Things should settle down by the end of 1993. A number of the new rules are up for FCC "reconsideration". It is our intention as your cable company to fully cooperate with our local franchise authorities and the FCC in regards to the new Act.

"MUST CARRY" or "RETRANSMISSION CONSENT"?

As you may know, the 1992 Cable Act was passed by Congress and signed into law by President Clinton earlier this year. The new law makes a number of fundamental changes in the way we provide you with cable television service, and was designed to make cable an even better value for you.

It turns out, that one of those changes is not necessarily in your best interest as a cable subscriber. The new law allows local for-profit broadcast stations to choose the way that we provide their programming to you. The broadcast stations have two choices:

1. They can demand that we carry their programming for free—just as we've always done. The law calls it "must carry."
2. They can demand some kind of payment for their permission to carry their programming on our system. The law calls this "retransmission consent."

As you might have guessed, most of the local broadcasters have chosen to demand that we make a cash payment to them.

We think that's unfair to you. What it means is that you would **pay** for the same broadcast programs that your neighbor who's not a subscriber **gets for free**. Because, while the new law says that you won't have to pay any increase for a year, ultimately the cost of paying for broadcast programming would increase your monthly bill. And you'll get nothing new—just the same broadcast programming you've always gotten for **free**.

We want to continue carrying local broadcast stations for free—just like always. So, we're continuing to negotiate* with broadcasters so that they don't choose to deny us the right to provide their programming to you. But the new law is clear—the **choice is really up to the broadcasters** and the agreement must be reached by October 6, 1993. The law excludes PBS stations so WTCI (Chattanooga) and WPLG (Chatsworth) will continue to be carried. WFLI (Ind) has opted for "must carry" and will also be carried without interruption. At the present time WRCB (NBC), WTVC (ABC), WDEF (CBS) and WDSI (FOX) are negotiating with us. It continues to be our hope that agreements can be reached with all of them so they will not demand we take them off our cable lineup.

* At presstime, no agreements have yet been reached.

IMPORTANT CONVERTER and INSIDE WIRE INFORMATION

In looking to the future technological developments of the cable industry, Battlefield Cable TV will discontinue the use of non-addressable converters. If you are a customer with a non-addressable converter in your home, this piece of equipment will now revert to you as owner and you will notice that there is no longer any charge listed on your monthly statement. The availability of per-channel purchase, interactivity and the future cable world of possibly hundreds of channels will be available only with the use of the addressable converter. Since the future of cable will be available only through the use of the addressable converter, these will be the only kinds of equipment of this nature available through Battlefield Cable TV. Non-addressable converters are available through numerous retail outlets. Battlefield Cable TV will no longer repair nor exchange non-addressable converters.

Once cable TV service is discontinued in a home, the cable wire inside the home becomes the property of the homeowner. Cable TV retains ownership of all wire and components from the point of distribution to and including the ground block outside the home.

PARENTAL CONTROL

From time to time programming may be available that you deem to be inappropriate for minor children or guests. Addressable converters are available that offer up to ten (10) channels that can be "blocked-out" either permanently or temporarily. Please contact Customer Service for further information.

TECHNICAL COMPLAINT RESOLUTION PROCEDURE

Battlefield Cable is committed to delivering cable transmission service that corresponds to meet or exceed standards set by the Federal Communications Commission (FCC). In the event that you have experienced **technical** problems with your cable service and it has not been repaired to your satisfaction, please contact the Technical Supervisor at 866-3337. Please use this service only after you have first contacted our Repair Office (866-3337) and allowed them the opportunity to correct any problems. If a problem with the cable transmission received by the customer is due to the customer's equipment or due to the customer's making physical or unauthorized changes in the cable reception or connection equipment, then a Trip Charge may be imposed and any repairs performed shall be at the customer's expense.

CUSTOMER SERVICE COMPLAINT RESOLUTION PROCEDURE

Battlefield Cable is committed to upholding the lofty customer service standards set by the National Cable TV Association (NCTA). In the event that you have experienced **administrative** problems with your account and it has not been addressed to your satisfaction, please contact a Customer Service Supervisor at 866-3337 or write to us at our address listed on this brochure ATTN: CUSTOMER SERVICE SUPERVISOR.

If you feel a problem or question was not handled to your satisfaction by either of these departments, you may write to:

Administration, Battlefield Cable TV
PO Box 5507, Ft. Oglethorpe, GA 30742

If you feel we have not solved the problem or complaint satisfactorily you may contact the franchising authority which has authorized Battlefield Cable TV to provide cable service by writing to the person below that governs your service area:
